

Bowling

The ball was round and heavy as me.
I was standing there for all to see.
I rolled that ball with all my might.
It weaved and wobbled what an awful sight.

The first ball rolled and rolled and then
I jumped for joy when it knocked down a pin.
The second one rolled along the rail.
The rails are there so I can't fail.

It rolled and rolled like a cannon ball.
Knocked down two more and that was all.
Those little rails they put up for me
can help you bowl if you're two or three.

Bowling is an easy game to play.
It's fun to bowl and I'd like to say:
If at first you don't succeed
just try again oh yes indeed.

My daddy bowls, my mamma bowls.
My sister and brother and they're not fools.
I like to bowl cause when I do
I win at bowling and you can too.

So bowl and bowl and bowl and then
you'll want to bowl all over again.
Bowl and bowl and win and then
you'll want to bowl all over again.

Bowling is an easy game to play.
It's fun to bowl and I'd like to say:
If at first you don't succeed
just try again oh yes indeed.

If at first you don't succeed
just try again oh yes indeed.
